

2016 Kumamoto Earthquakes

JUA sincerely thanks for the messages of sympathy following the earthquake disaster.

Messages from overseas associations

The AUA, along with the rest of the international community, has watched with great concern the news reports from Japan following the recent earthquakes in Kumamoto Prefecture. We stand in solidarity with the Japanese Urological Association (JUA) in our concern for those affected by this tragedy. We hope that the JUA leadership, members and staff and families are all safe.

The AUA stands ready to help our urology colleagues in the region. We are very much looking forward to participating in the upcoming 104th JUA Annual Meeting in Sendai and we hope that plans for the meeting are going well despite this challenging time.

Please know that our thoughts are with you and all of our friends in Japan. As relief efforts continue from the aftermath of the earthquakes, we are confident that the spirit and resilience of the Japanese people will enable the country to move forward.

Sincerely,

Manoj Monga, M.D.

AUA Secretary

Inderbir S. Gill, M.D.

AUA Chair of Global Initiatives

On behalf of Bangladesh Association of Urological Surgeons(BAUS), please accept our deepest condolences to all friends and their families of Japan Urological Association, on the recent double earthquakes in Kumamoto.

We wish all our friends & their families well.

Warmest regards

Professor MA Salam
President, Bangladesh Association of Urological Surgeons (BAUS),

Dear Friends and family of JUA at Japan,
We from Nepal, share the pain and hardship with people of Japan as we underwent similar situation last year.

We pray and stand with victims of Japan in this difficult moment.

Love and pray from Nepal.

Dr. Parash Mani Shrestha
General Secretary NAUS (NUA).
NEPAL.

On behalf of all EXCO and General Council Members of UAA, please accept our deepest condolences to all friends and their families of Japan Urological Association, on the recent double earthquakes in Kumamoto.

We wish all our friends & their families well.

Warmest regards

Allen Chiu, MD, PhD
UAA Secretary General
On behalf of all members of UAA
