May 1 - 2, 2013
(Wednesday, Thursday immediately before the AUA meeting)

USC Institute of Urology

University of Southern California • Los Angeles • California

presents a **CME event (16.0 hours)**

L.A. “Live”

International Robotic and Open “Live Surgery” Symposium

Join us in beautiful Los Angeles for an exciting 2-day course.
On Thursday afternoon, we all travel together to the AUA meeting in San Diego!

Symposium Highlights:

Unique format: Geared to improve robotic skills for all levels of surgeons (beginners, mid-level, experts). For each organ, we will demonstrate basic, intermediate and advanced techniques.

Course Directors: Mihir Desai, MD; Monish Aron, MD; Inderbir Gill, MD

Robotic Surgery	Basic Skills	Intermediate Skills	Advanced Skills
Partial Nephrectomy	Conventional-clamped	Early-unclamping	Zero-ischemia
Radical Prostatectomy	Nerve-sparing, urethral catheter-free prostatectomy	Prostatectomy for high risk disease (G1>8, PSA>20)	Salvage prostatectomy (after radiation failure)
Radical Cystectomy	Radical Cystectomy, High-extended LND up to IMA	Intra-corporeal Ileal Conduit	Intra-corporeal Studer Neo-bladder
Other	Radical nephrectomy; Dismembered pyeloplasty	Sacrocolpopexy; Ileal ureter	Inferior vena cava thrombectomy; Single-port robotics

Moderated by 20-25 distinguished US and international faculty • Strict focus on “how-to” practical aspects • “Tips & tricks” • Step-by-step instructing for each surgery

Our guarantee: Your robotic confidence and knowledge will improve significantly!

Registration: \$295 • **Early-bird registration:** \$150 (before January 31, 2013)

Included in the registration fee:

A) Transportation from Los Angeles to San Diego (2-3 hours) **ONLY** for early-bird registrants

B) Cocktail dinner upon arrival in San Diego (Thursday evening, May 2)

Limited to 500 registrants • All registrants should be registered for the AUA
