Authors are shaping the future of research

1. 9 million researchers across the globe
2. 4 million authors of scientific & scholarly papers
3. 2.5 million articles published each year
8 SIMPLE STEPS

Step 1
Share your article on Twitter, Facebook, LinkedIn, or any other social media platforms you use.

Step 2
Make sure to update your faculty or professional website with any entry about your article.

Step 3
Include a link to your article in your email signature.

Step 4
Find a Wikipedia page on a topic related to your article and add a reference to your paper.

Step 5
Email a link to your article to key colleagues and contacts in your field.

Step 6
Share your article with your institutional press office.

Step 7
Remember to mention your paper when networking.

Step 8
Register for an ORCID iD and add details of your article to your profile.
