Immediate Past President

American Urological Association

1000 Corporate Boulevard

Linthicum, MD 21090

Gopal Badlani, M.D.

AUA Secretary

Robert C. Flanigan, M.D.

International Education Consultant

Dear Drs. Lacy, Badlani, Wagle and Flanigan:

Thank you very much for your feedback on the United Urology Campaign.

We are glad that the Campaign is a great success. Also we sincerely appreciate the large amount of donation from the AUA and the partner through this Campaign. With the support of people around the world, we are on the way to the reconstruction slowly but surely. The road to the full recovery is tough though. It is obvious that the AUA inspires urologists of all over the world to stand up for helping people. We completely applaud the activity and are willing to participate in the activity.

One of the exchange scholars who could not come in March will visit Japan in November the beautiful season. We are happy that the exchange program will be continued to the next year and also confident that the international programs including the academic exchange program, resident program and joint symposium will be of benefit to both associations in the future.

We are looking forward to seeing you again.

Sincerely yours,

Yukio Homma, M.D., Ph.D.

JUA President

Seiji Naito, M.D., Ph.D.

JUA Immediate Past President
