

## Masterclass in Urological Laparoscopic Surgery & Flexible Ureteroscopy

### Pre-Congress workshop

University of Hong Kong/ EAU Session of Uro-Technology

Date: 3 Aug 2017 (Thur)

Venue: Animal Laboratory, Li Ka Shing Faculty of Medicine, the University of Hong Kong

Quota: 20

Course Director: Prof MK Yiu

Course Co-director: Dr James HL Tsu

Course Convener: Dr WK Ma

Course Co-ordinators: Dr Ada TL Ng, Dr Brian SH Ho

Faculties:

EAU – Prof Jens Rassweiler, Prof Christian Schwentner (Germany),  
Dr Domenico Veneziano (Italy)

India – Prof Janak Desai

China – Prof Lu-lin Ma 馬潞林, Prof Shu-dong Zhang 張樹棟

Instructors: Local Consultant Urologists

Program:

Time	Lecture/ Program	Speaker
08:30-08:40	<ul style="list-style-type: none"> <li>Welcome address</li> <li>Certificate to Faculties and Instructors</li> </ul>	
08:40-08:55	Laparoscopic upper tract surgery: different approaches	Prof Rassweiler
08:55-09:05	Minimizing renal ischemia during laparoscopic nephron-sparing surgery	Prof Christian Schwentner
09:05-09:20	The role of simulation in nephron sparing surgery	Dr Domenico Veneziano
09:25-09:30	<i>Proceed to Animal lab</i>	
09:30-12:00	Animal Dissection with 3D laparoscopy - Laparoscopic partial nephrectomy/ pyeloplasty Flexible Ureteroscopy (Wet model station)	
12:00-12:45	<i>Lunch</i>	
12:45-13:00	Flexible ureterorenoscopy: tips and tricks	Prof Janak Desai
13:00-13:15	Development of laparoscopic urological surgery in China	Prof Shu-dong Zhang
13:15-13:30	Nerve-sparing techniques in laparoscopic radical prostatectomy and cystoprostatectomy	Prof Lu-lin Ma
13:30-16:30	Animal Dissection with 3D laparoscopy - Laparoscopic ureteric reimplantation/ cystectomy Flexible Ureteroscopy (Wet model station)
