Second Announcement

8th Annual Meeting of the Asia Pacific Association of Paediatric Urologists

1 - 3 September 2006
KK Women's & Children's Hospital
Singapore

Jointly Organised by:

Academy of Medicine
 Singapore

KK Women's and
 Children's Hospital

SingHealth

WELCOME MESSAGE

Welcome to the Annual Meeting of the Asia Pacific Association of Paediatric Urologists in Singapore.

Paediatric Urology is still an emerging specialty in countries in the region. In this meeting we hope to strengthen the interest in and knowledge of Paediatric Urology. Regional and international experts will share their knowledge and expertise and all delegates will have an opportunity to present their own work as well as to participate in discussions and clinical practice planning.

The master class in laparoscopic urology will bring us up to date on the latest approaches and benefits of laparoscopic urology.

In the main meeting, we will be discussing research, imaging in Paediatric Urology as well as our most popular topics such as hypospadiology, adolescent urology and options in vesico-ureteric reflux treatment. There will be opportunities for free paper and poster presentations.

KK Women's and Children's Hospital with the Academy of Medicine, Singapore and the APAPU are proud to welcome you to our tropical paradise island. In addition to the scientific programme, we have prepared a varied social programme to welcome you and to make you feel at home.

Come and join us September 1 - 3, 2006.

Dr Anette Jacobsen

SCIENTIFIC PROGRAMME AT A GLANCE

Minimally Invasive Paediatric Urology Master Class 1 September 2006, Friday

9.00am to 5.00pm
Auditorium, KK Women's & Children's Hospital

Minimally invasive surgery is finding increasing applications in the field of Paediatric Urology.

This master class will be instructed by experts in the field of minimally invasive urologic surgery. This will be a technique-centred, "how-to-do-it" course focused on the practical aspects of various advanced endoscopic urologic procedures. These include nephrectomy, pyeloplasty, ureteric reimplantation, augmentation cystoplasty as well as the applications of robotics in Paediatric Urology.

Beginners in minimally invasive urologic surgery will learn the basics of set-up, positioning, instrumentation and port placement, while experienced operators will gain insight from discussions on the technical "tips and tricks" to further refine their skills. A session on optimal operating room set-up for minimally invasive and robotic surgery will also benefit both surgeons and nursing staff.

Main Meeting 2 & 3 September 2006, Saturday & Sunday

9.00am to 5.00pm
Auditorium, KK Women's & Children's Hospital

Proposed Topics:

- Optimal Imaging
- Research – Basic Science
- Management Options in Vesico-Ureteric Reflux
- Adolescent Urology
- Hypospadiology
- Reconstructive Urology

These topics will be covered in plenary lectures, panel discussions as well as free paper and poster sessions.

CALL FOR ABSTRACTS

The Organising Committee invites abstracts for oral presentations and poster sessions. **All abstract submissions are to be sent via Electronic Mail.** Abstract (only mention name of presenter) must be forwarded as an attachment. You should email your abstract to apapu2006@ams.edu.sg no later than **16 June 2006**.
