Some of the highlights of the
7th International
Meeting

“Challenges in
Endourology”
include:

Over **700** participants
from around the globe
are expected to join this
year’s meeting.

An internationally renowned
faculty featuring over
60 leading experts in
Endourology will present the latest
developments in the field.

A number of **semi-live surgery
sessions** will showcase some of the
best practices by world-renowned
surgeons.

The highly-interactive ePosters and video
presentations sessions will be chaired by
the most eminent experts in the field.

*Do not miss the opportunity to
submit your abstract by 31st March 2017
and present your work at this exciting meeting.*

3 Awards for Best ePosters!

The latest cutting-edge technologies
will be demonstrated and discussed in
an inspiring mix of session types.

Live webcasting via the SIU Academy
eLearning portal including the ePosters
and video presentations.
