

Dear fellow members in Japan,

On behalf of the Organizing Committee, I am honored to invite you to the 28th Korea-Japan Urological Congress being held in Suwon, Korea from Friday 16th to Saturday 17th September 2011.

Prior to the announcement about the Congress, I deeply apologize for writing this letter in circumstances of Japan having such a sad and difficult time by the natural disaster of 11 March 2011. I express my sincere sympathy to the grief-stricken bereaved families and strongly believe that Japan will overcome this tragedy soon.

The main topics of the upcoming Congress are oncology, andrology, endourology, and voiding dysfunction. The Committee is poised to arrange detailed programs in order for us to discuss these topics in depth.

To make the Congress successful in terms of scientific interchanges and fellowship, I would like to ask for your active participation, and we will try our utmost not to disappoint you.
