Second Announcement

## MESSAGE FROM THE ORGANISING CHAIRMAN

Dear Colleagues,

On behalf of Malaysian Society of Andrology and the Study of the Aging Male (MSASAM), I would like to invite you to attend the 5th JAPAN-ASEAN Conference on Men's Health & Aging. Our theme "Defining the future of men's health and aging" is aimed to bring the current and future progress in the field of men's health to provide a better quality of life of healthy aging male population.

Interesting topics will be discussed by prominent speakers from Japan, Asia-Pacific region as well as other continents. This conference is intended for a broad audience with multifaceted interest as well as providers of service and technologies in the arena of aging and men's health.

This is also the first "Green Meeting" in Malaysia.

I also hope you will take this opportunity to see the best of Malaysia, particularly the island of Borneo where the meeting will be held. We are proud to show you the rich diversity of our land and sea, from gleaming cities to traditional villages and from lush rainforests to pristine coastline.

Finally and importantly, the committee has decided to substantially reduce the registration fee for students and paramedics, and therefore we hope that in spite of the economic situation, we can motivate you to participate in the conference.

I look forward to welcoming you to the 5th JAPAN-ASEAN Conference on Men's Health & Aging.

**Dr Zulkifli Md Zainuddin**  
*Organising Chairman*
