

Report of JUA scholarship program 2020

Mongolian Urologist Dr. Amarsaikhan Khankhongor

First and foremost, it is my privilege to have been selected as urologist for Japanese Urological Association, Asian Scholarship program.

Due to the COVID-19 pandemic circumstances I wasn't able to come to Japan, however I am happy that I came this year, especially for coming at Jichi Medical University. I am happy for what I have learned for the last one month experience. And I would like to thank Professor Tetsuya Fujimura and his team for his kind hospitality and welcoming me to his department.

They were kind enough to ask about my study plan and made study program regarding to it. My main purpose was to obtain basic knowledges about Robotic surgery in Japan and I am very satisfied that observed and simulated the robotic surgery.

There were 3 main rotations at different departments:

- Pediatric Urology surgeries on Monday of every week.
- Nephrology Urology surgeries on Wednesdays of every week.
- General Urology Robotic surgery and laparoscopic surgeries everyday.

Herewith I am presenting the surgeries that I have assisted.

Table:

Operation.	Date	Wash hand	Number	Department
Kidney transplantation surgery	2023/9/20	+	1	Nephrology
Removed of Polycystic kidney	2023/9/27	+	1	Nephrology
Nephrectomy right side	2023/10/5	+	1	Nephrology
Right orchiopexy	2023/9/25	+	1	Pediatric urology
Right orchiopexy	2023/10/02	+	1	Pediatric urology
Robotic assistant salcolpopexy	2023/9/12	-	1	Urology
Robotic assistant Radical prostatectomy	2023/9/15,21,22,26,29 2023/10/6	-	6	Urology
Robotic assistant radical cystectomy	2023/9/19,26 2023/10/3	-	3	Urology
Robotic assistant nephroureterectomy	2023/9/14,19,21,28,29 2023/10/3,5	-	9	Urology
Laparscopic surgery	sometimes	-	-	Urology

Herewith I have attached some photos.

Therefore, I would like to extend my gratitude for giving me this opportunity for the very first time from Mongolia. I confident about this scholarship program is much needed and very beneficial for young doctors from other Asian countries. And I will surely suggest my other colleagues for the apply for this program.
