MESSAGE
From Organising Chairman

IT GIVES ME GREAT PLEASURE to welcome delegates and colleagues to the 21st conference organized by the Malaysian Urological Association. In the true spirit of ‘east meets west’, this year’s conference sees a collaboration between the Malaysian and Scottish Urology societies. It is indeed a great pleasure to welcome our colleagues from Scotland and in true Malaysian hospitality, we wish them ‘Selamat Datang’.

We are truly also fortunate to play host to the 4th Asian and European Schools of Urology teaching course which will focus on Endourology (Stones), Reconstructive Urology and Andrology/Infertility.

With a wide range of topics and varied range of experienced speakers we hope to have an informative and interactive session. To make the meeting more interesting we will be including lots of case discussions. We have also lined up two interesting precongress workshops. The Urodynamics workshop will be conducted by an expert team from Scotland, United States and Malaysia. The Silent Mentor hands on laparoscopic workshop will provide delegates with the opportunity to enhance their skill in various laparoscopic procedures.

Not forgetting our nurses and allied health personnel, we have lined up a concurrent half day nursing workshop with facilitators from Malaysia, United Kingdom and United States. This year’s symposium will focus on incontinence and female pelvic floor disorders.

There are also prizes to be won so we encourage urologist to present their work through oral, video or poster presentations.

In closing, on behalf of the organizing committee, we extend our warmest welcome to you, do come to Kuala Lumpur and we hope you will enjoy the meeting and at the same time enjoy the sights and sample the many flavors of Malaysia cuisine and Malaysian hospitality.

Brig Gen Dato’ Dr Selvalingam Sothilingam
Organizing Chairman
THIS YEAR MARKS the 21st time that the Malaysian Urological Association will be organising its annual conference since the first one in 1991. This year’s conference has the added attraction of being a joint meeting with the Scottish Urological Society as well as hosting the 4th Advanced Urological Teaching Course of the Asian and European Schools of Urology.

Some of the highlights of the upcoming meeting will include a Urodynamics Workshop conducted by the faculty from Scotland and Malaysia. The emphases in this year’s meeting is on Incontinence, Voiding Dysfunction and Female Urology. We will also have a section on bladder management of children with spinal bifida. Our Urology Nursing Symposium will also highlight on the management of Incontinence and the patients with neurogenic bladder. I am sure there will be something of interest for everyone.

The organising committee led by Brig Gen Dato’ Dr Selvalingam Sothilingam has put together a very interesting programme with both local and overseas faculty which includes many members of the Scottish Urological Society. The faculty also includes colleagues from our neighbours, UK, Australia and USA.

I would like to extend a warm welcome to all our delegates. I wish you all a fruitful meeting as well as an enjoyable stay with your family and friends. There is still much to learn and we hope that with these annual meetings we will continue to progress and improve the practice of Urology in Malaysia.

Prof. Azad Hassan Abdul Razack
President of the Malaysian Urological Association

IT GIVES ME GREAT PLEASURE to welcome all delegates to this joint meeting of the Malaysian Urological Association and the Scottish Urological Society. This meeting emphasises the true spirit of collaboration which exists between our national associations. I am delighted that so many urologists from Scotland will make the trip to Kuala Lumpur to join an excellent international faculty for what promises to be a truly exceptional meeting.

Pre-meeting workshops on urodynamics and laparoscopy will be followed by a full programme of academic sessions including trauma, functional urology, BPH, robotics and remote and rural urology. The meeting also runs in parallel with the European and Asian Schools of Urology training sessions on stones, reconstruction and andrology. Parallel symposia for nurses and allied healthcare professionals mean that this meeting really has something for everyone.

On behalf of the Scottish Urological Society, may I say “ceud mile failte” or “a hundred thousand Scottish welcomes” to Kuala Lumpur for this unique meeting!

Posters may be mounted on the assigned board from 0800 hr on the 23rd November 2012.
All illustrations should be prepared beforehand. Your illustrations should be readable from a distance of about 1 meter. Keep illustrations simple.
Posters must not be mounted on heavy board because they may be difficult to keep in position on the poster stands. The poster board area is 1 m (width) x 2.5 m (length). Double-sided tapes will be provided.
Posters must be dismantled by 1800hrs on Saturday, 24th November 2012. The Organising Committee will not be responsible for posters that have not been dismantled during the stipulated time.

Exhibition and Sponsorship
The industry exhibition, open to all registered delegates, forms an integral part of the Conference. Located at the Grand Ballroom Foyer and Lagoon 3, Level 15, Sunway Resort Hotel & Spa, the exhibition provides an ideal opportunity for members of the pharmaceuticals industry, healthcare providers and publishers to discuss the latest products and services available in the field of urology.

The Conference provides a platform for many high profile promotional opportunities through sponsorship. The Conference Organising Committee would like to express their sincere thanks to the organizations who have so far committed their support to the Event.
If you would like further information on the availability of exhibition space and comprehensive details of all promotional opportunities, please contact the Organising Chairman, Brig Gen Dato’ Dr Selvalingam Sothilingam (21stmuc@gmail.com) at the Conference Secretariat.
The exhibition areas are located at the following hours
